1. Select one of the below Image Link Buttons at Bottom of Page:

(Terrific Tots 2012) for just 2012 Portraits or (View Terrific Tots 07-08-09-10-11) for all years.

2. Click on the Date Icon Image for 2012 or Year Icon Image for the View All Years, then date. This will take to the thumbnails album for that date. These thumbnail album pages can be one page per "Date" up to several pages per date.

Some of the Date Icons have more than one day. A couple of days are split in 2 or 3 March 16 The first Tots of the day are at the end if the 15th and last of the day are at the start of the 17th Each of the "Date" set of thumbnails have a list of names of Tots in that set of thumbnail pages in the dark gray header bar just above the thumbnails .

3. Just above on right side of the thumbnails are page nav links [next - last](#), if you select [next](#), to page 2 will have [first - previous](#) on the top left and [next - last](#) on the right (if there is a 3rd page). Scroll to the bottom of page there will be on the left [first - previous](#) and [next - last](#) on the bottom right. Remember this scenario as it applies to thumbnail pages it also applies to full sized images to one image at a time instead of by page.

4. If ordering a package select the portrait image you would like to be the main image for your package, then select the other images for the package with the no additional cost selection in the PRINTS list. For ordering just PRINTS select any image you want to buy in any order one at a time.

5. After you have found your "Tot" in the thumbnails just click on the thumbnail image to see it enlarged. Use the above ["next - last"](#) to view the larger versions one at a time.
